

Hornberg Report 2018-MAR

The Hornberg Chapter had a **fly tying workshop** at Clancey's Stone Lion bar and grill in Custer on Wednesday, February 21. We were pleased by the number of individuals showing up who were new to tying and eager to learn the techniques. Fishing stories filled the room. Brian and Jackie Clancey graciously made the Stone Lion available to us for the evening.

We are in the planning stages for our **annual Fly Fishing School**. As in recent years, this will be a one day event, held on the banks of the Tomorrow River in Nelsonville. The date is Saturday, May 12. Our fly fishing school includes classes, casting practice, a hot lunch and individualized fishing instruction on local waters.
